# ABOUT RRV EVENT

Get ready for the ultimate adventure motorcycle riding experience!

Presenting Ridge Rider 5 (RR-V), the fifth edition of Australia's most popular premium off-road motorcycle event. This event is designed for intermediate skilled riders of larger adventure motorcycles and promises an exceptional off-road motorcycle experience.

Every year adventure riders, riding various brands of adventure motorcycles, come together to enjoy five thrilling days of riding on exciting, picturesque trails designed for maximum riding pleasure.

In 2025, we invite you to join us as we explore Tasmania. Together, we will ride and explore Tasmania's best off-road trails and renowned landmarks, including hidden gems rarely seen by tourists. The riding experience promises to be nothing short of 7-star. If you own an adventure motorcycle, this is an event you cannot afford to miss.

From well-known landmarks to rarely seen treasures, you will experience them all as you immerse yourself in the beauty and thrill of Tasmania's rugged terrain. Join us for RR-V in 2025 and elevate your off-road motorcycle adventure to the next level.

# WHO RIDES WITH US

RR-V is open to all male and female owners of larger adventure motorcycles Australia-wide who enjoy off-road riding, but don't have the time, experience or resources to plan a five-day mega off-road motorcycle adventure.

If you own a business, work long hours, or simply have too much going on to plan logistically challenging rides, this is the perfect opportunity to get away on the bike, with your mates, with all the hard work done for you. You simply show up and ride, everything else is done for you.

RR-V is suitable for larger adventure-ready motorcycles from the 300cc's, up to the larger big bore bikes such as the BMW 1250 GS or GSA, KTM 1290's, Honda twins, Triumph Tigers, Suzuki Dr's & V Strom's, Ducati's and Husquvana's etc. All off-road adventure-style motorcycle brands are welcome to join the event. All bikes need a minimum fuel range of 350 km. Bladders and larger tanks on smaller bikes i.e. Suzuki Dr's are acceptable.

# WHY RIDE WITH US

As you expect from Moto Trekkin every aspect of our events are meticulously crafted and scrutinised to ensure an unforgettable experience. From breathtaking trails and winding scenic routes to essential logistics like motorcycle hire, fuel, food, and accommodation. No detail has been overlooked. Additionally, a plethora of intriguing destinations awaits exploration along the way. It's what makes our events unique.

With professional support readily available on the trail, participants can ride with confidence, knowing assistance isn't far away. RR-V promises more than just a ride; it offers a refreshing departure from the daily grind, providing an opportunity to forge new friendships and escape the monotony of daily life. It's a journey that transcends mere adventure, delivering an immersive experience unlike any other, all against the stunning backdrop of Tasmania's incredible landscapes.

# WHY SUPPORTED ADVENTURE RIDES?

For the vast majority of adventure motorcycle owners, travelling into a remote, unfamiliar region, with a fully loaded motorcycle, is a risk not worth taking.

***“I’ve got too much experience, and even more common sense these days than to ride in remote regions without support.”***

When you ride with us we bring serious support to the table! Both in the experience of our team and the equipment we use to get the job done.

This includes highly trained medical practitioners in case of an accident, qualified motorcycle mechanics, and experienced sweep riders to name a few.

Our entire team is committed to providing unwavering assistance and support throughout your RR-V journey. Their presence offers a tangible sense of security knowing that professional help isn’t far away.

***“I show up and ride- It’s too easy! And it’s good to know the support crew and medical support isn’t far away if I need it.”***

We also book and manage your accommodation each evening, design and check the routes, plan food and fuel stops, and transport your luggage each day. With our support, exploring remote regions becomes not just feasible, but irresistibly enticing!
